Loveless (Ben Hood Thrillers Book 20)

Synopsis

Someone in this very exclusive swingers club is out for revenge. Club members are brutally killed. Ben Hood is hired initially to protect rich and beautiful women in this club but suddenly he becomes one of the prime targets for the killer. In order to identify the killer, Ben is forced to mix with club members and in the main, beautiful women. The killer is sly and careful and works in the dark with a knife. Ben travels to Bali, Vanuatu and Green Island on the Great Barrier Reef during his rather reluctant involvement in tracking down the killer of the Loveless.

Customer Reviews

Another good read by Lindsay. This one starts with the murder of Thomas Gilroy. Gilroy is rich and successfull has many investments and money in the bank. His money and investments don't do him any good when he's stabbed in the neck with a stiletto and killed in his home. Ben Hood is at home. He's just harvested a small load of vegetables from his garden. He's happy with the harvest. Hood is relaxing at home after one hectic schedule with VIP. He's exhausted and looking forward to some down time. Hoods receives visitors. Two casually dressed females. Both are police officers. Detective Simone Warden and Senior Constable Laura Coyle are at the Hood residence because the murdered man, Gilroy, had Hood's name and number on a peice of paper in his pocket. Ben has

never heard of Gilroy and told the police officers just that. He has no idea why Gilroy, a man he'd never met, would have his name and number. After a rather heated discussion between Hood and Warden and a much easier time with Coyle the police depart. Rodney Reid calls Ben to let him know the police had been to see him about the Gilroy murder and Ben's name and number being in the possession of the dead men. Reid tells Hood that Gilroy's wife, Brooklyn Randall wants Ben to come to Bali and protect her. Randall is in Bali on business and wants Hood to fly there to meet her. She's in fear for her life. So begins another very fine read. This one has Hood, Brooklyn, a girl named Sasha, Rod, Rose, a trip to Bali, a trip to Vanatua, a wife and partner swapping club, murder, attempted murder, a something named Edmund, Laura Coyle, Ben finding his feelings in a place they have never been, old friends, new friends and another great Ben Hood read this one with one hell of an ending and a murderer no one would have suspected. Five Stars.

Another action packed Ben Hood thriller. Most entertaining and highly recommended. I have read all the Ben Hood series and look forward to the next which I hope will be available soon. An easy five stars for this one. Keep them coming Drew.

I read all of Drew's books and enjoyed them thoroughly. This is the first and hopefully the only one I have not given five stars. The book was good but just not as good as the others I've read by him.

Ben was his usual self, clever, witty very masculine, and at the same time showed a little softness about himself this time. Couldn't say much for the story in this read but it still kept you enthralled till the end.

I loved this book--but then again, I love all Drew. Lindsay's books-- for those who haven't read any, you don't know what you're missing! Bernice Fishstein
