Rheumatology Secrets

Synopsis

Stay up to date on the latest common and uncommon rheumatic disorders with Rheumatology Secrets Plus. This enhanced medical reference book addresses the treatment of common and uncommon rheumatic disorders, with each chapter reviewing basic immunology and pathophysiology, important disease manifestations, and practical management issues. The user-friendly style of the popular Secrets Series® makes this updated volume a valuable addition to your library! Review basic immunology and pathophysiology, important disease manifestations, and practical management issues related to rheumatic disorders. Apply the latest knowledge and techniques with content thoroughly updated by leaders in the field. Quickly review key concepts with improved "Plus" formatting, such as larger figures and easier-to-read text. Enhance your reference power through a question-and-answer format, bulleted lists, mnemonics, "Key Points" summaries, lists of useful web sites, and practical tips from the authors. Improve content knowledge with a special chapter containing "Top 100 Secrets," providing an overview of essential material for last-minute study or self-assessment. Consult this title on your favorite e-reader, conduct rapid searches, and adjust font sizes for optimal readability.

Customer Reviews

Excellent book! It is very well written, and comprehensive enough to include all important subjects and it is easy to read. I highly recommend this book to rheumatology fellows who are preparing for board exam. It is also good for medical students and residents interested in rheumatology, however it might be a little bit detailed for students or residents who are not considering rheumatology as their future subspecialty/career.

If you are a rheumatology fellow, you need to own this. As a fellow I had the 2nd edition and I used it so much that it was in pieces. My husband periodically asks me if he can throw it out and I'd immediately say NO because it was no longer in print. Even though I'm not in training anymore, I still had to buy the new edition and it doesn't disappoint. It's a must have!! Don't think twice.

Great book . The best to really understand Rheum in a quick way

One of the best read for a busy rheumatologist . Clinical and evidence based. Must have book for any rheumatologist preparing for boards.

Pluses: Concise, to the point, all necessary information available; significant updates from last edition. Excellent book.

This is the Best Rheumatology Book of all time!!!!!!!!!!!!

great info; very extensive; highly recommend it.....ken Humphrey md abem, abfp

Amazing!!
