A Time For Vultures (Flintlock)

Synopsis

THE GREATEST WESTERN WRITERS OF THE 21ST CENTURY Â Across the West, bad men know his name. The deadliest bounty hunter on the frontier, Flintlock is armed with his grandfatherâ€™s ancient Hawken muzzleloader, ready to put the blast on the face of injustice. As William and J.A. Johnstoneâ€™s acclaimed saga continues, Flintlock will discover an evil too terrifying and deadly to even name. Â WHEN A MAN SAYS HEâ€™S GOING TO KILL YOU, BELIEVE HIM The stench of death hangs over Happyville. When Flintlock rides into town, he sees windows caked in dust, food rotting on tables, and a forgotten corpse hanging at the gallows. The citizens of Happyville are dead in their beds, taken down by a deadly scourge, and Flintlock must stay put, or risk spreading the killer disease. His quarantine is broken by Cage Kingfisher, a mad clergyman who preaches the gospel of death. He orders his followers to round up the survivors of Happyville and bring them home to face the very plague they fled. To save them, Flintlock must send Kingfisher to Hell. But the deadly deacon has a clockwork arm that can draw a pistol faster than the eye can blink. It will take the devil to bring him down. Or the frontier legend they call Flintlock.

Flintlock and O'hare have another great adventure. This one is way beyond belief, but who cares, I read Flintlock for fun, not for truth. Great characters, humor and adventure. Still no closer to finding his Ma, but Flintlock is getting closer to Arizona where Barnabus says she'll be. Maybe next time! I can hardly wait.

This is a terrible story, probably equal to Wyoming Slaughter, #6 (and last * hope) in the Blood Valley Series starring Cotton Pickens. Basically the writing is pretty good and easy reading, but silly mistakes. Such as writing the storm has ended and a few paragraphs later the rain is a soft patter. And Biddy says "you" and later it's "ye." And I guess Flintlock recognized the silver salver in the saloon photo of a naked female, but on Page 239 he was served with food on a silver tray. Since the title page does not state this story is fiction, I can only assume it's a true story, especially when Sam talks to Barnabas surrounded by the smell of sulphur! Then there's the engineering marvels: mechanical heart, arms and legs attached to muscles and blood transfusions. And more amazing tales about Jack the Ripper! What a great guy! The hymn, "Life's Railway to Heaven" was very nice. Of course, it dates from 1890 in the south and probably didn't make it to Texas for this story. I used to play the tune on our old piano in the 1940's. The story rambled on and on, and I'm sorry Flintlock survived. At least O'Hara usually added some sense and calm to a rather ridiculous story. The worst book I ever read if it was written by anyone else it would have never been printed I think the name of author is the only reason it was published. Made a sour taste in my mouth too ever buy a book written by him again.

Worst western I ever have read . Characters are unreal, totally impossible. If I wanted to read science fiction, then I would pick a real sci-if book.

this was a great book to read. wish flintlock would find his mom so he could learn who his dad is ? keeps you interested the whole book.
