Customer Reviews

Never have I read a book in one day. I'm always too busy. But this book was truly a page turner, could not work or go to sleep until I finished it. Great job Lakisha! Grabs your from the beginning and don't let go until the end.

This book was a great book. I liked this book because it is rare that you find a woman that is strong... A woman who knows what she wants. Whether you agree with the choices that were made

or not, she was confident in herself. I liked how successful she was and her occupation was totally opposite of what she indulged in... Many books you read, the woman is weak or having a breakdown and it was a breath of fresh air to read a book that was not like that... There are a lot of consequences for your actions as the end of the book shows... Part 2 picked up where part 1 left off and a lot of secrets were revealed in this book... This book shows secrets are only a secret when you are the only person who knows. I love how realistic the book was... There were situations that go on in everyday life and I like how she did not pacify the moments. The author kept it raw and uncut. I enjoyed this book and I will definitely read more books from this author in the future.

I rated 5 stars because these women who thought they had a secret worth keeping came full circle. This series may ruffle "good church folks feathers" , however it deals with real matters that we face everyday. Addicts of any substance or physical action have a reason they have fallen victim. I love that Ms. Johnson did not tie a bow on every storyline because let's face it these women were playing with fire and fire consumes. I recommend to anyone who can read material of a mature nature and check their holier than thou card in all while being shown a mirror to reflect your own personal struggles. Well done!

This is a good series. I'm glad I read this one because while I enjoyed the first one, I didn't care for the main character. This one explained it all! She still isn't a favorite of mine, but it's so much better.

Love this book, love cam, she is my imaginary fantasy, lol. Mrs Johnson you can't throw in the towel as yet I have read all your books with these women in it please continue.
