They have trouble deciding who's going to be the One Lucky Guy to pop their cherries. Luckily, Albert Stout knows he's the answer to all these problems "and if one of these beautiful women thinks otherwise, he's got a special computer program that will entrance their sexy bodies forever and transform their independent minds into his obedient, loving playthings. Once he's finished, these gorgeous beauties will serve and suck him any way he likes; he'll use their fertile bodies to make himself heirs and have his way with an entire harem of gorgeous lovedolls. But only if they can't figure out his plan first! Customer Reviews

These 3 books really are awesome. It tells the story of a man who is a genius in technologies. He created a system that turns woman into bimbos. And these women are having the hots for him and they obey every order. No one is safe from his computer magic. He uses it to enslave them and turn them into his sexual goddess. This is a really great trilogy and it is a really hot read.

I have read these three books separately and then great once again I love the writer and her work I would literally read anything just because she wrote it her work is just so amazing

I have read all three of these books they are like the author's usual work fantastic.
