I have recently finished this ebook and I want to let you all know that this ebook have supported me through out my bad eyesight. I used be kind of blind, I thought I was going to be full blind and need glasses. Not until I found this ebook, I never knew something this good existed. I just bought this ebook thinking it was not going to work and would be a waste until I have followed the guides accurately and starting to notice my eyesight was improving over time in no time! The guides were not hard at all to follow. Simple steps and you can improve your eyesight efficiently. I would love to share this to my grandma since she have bad eyesights.

Nice little book, easy to read and well put together so it is easy to follow and apply the exercises. I started the exercises and can feel the difference. Like any muscle, your eyes also need exercise!
