## Customer Reviews

Ok, so this is pretty much like the fourteen books before this one in the series. Obviously it's a formula that works. I have two observations. First, every time I saw Rocky and Bull my mind said

Bullwinkle from the cartoon and I expected him to say "Nothing up my sleeve" and have Rocky go flying by. And I still HATE that Ms. Van feels the need to constantly use the vulgar term c++t for a woman's genitals. It's not sexy. It's degrading. And it's not like there aren't several other terms to use that are sexy. Other authors do. Just saying.

I really enjoyed reading this book. The plot was interesting, with the crazy stalker and meeting childhood friends again. I loved the characters. Early, Ridge, Rocky, and Bull were great together. I didn't like that so many close to Carly had to die, but I don't think the story would have flowed as well had that not happened. I am looking forward to reading more by this author.

Another wonderful story from one of my favorite authors. I love this series and the Dominance series also. Be sure to check out all her series they are all really good.
