## Synopsis

What people are saying about this book, "I absolutely cannot begin to explain how deeply I enjoyed this book. I could not put it down. I carried it everywhere and finished it quickly. I wished that the stories would not end. The book addressed some very universal issues about romantic relationships and about ways in which we are alone, whether it is illness or some other defining characteristics. From what can only be described as an intellectually and emotionally astute perspective, this story hits the soul hard and fast leaving only what the author deemed truly necessary to the imagination." Joyce Dizon "I don't read romance books very often and this book really has its own unique way to tell a story. It is based on a guy point of view and relates his relationship with various woman in his life. He started dating at 13 and every woman he dated, gained him a lot on life experiences. Kyle Scott "I'm sure after every relationship you may have wondered 'Why am I an ex?' • Well, in this novel you may find out why. Meet Adam, a thirty something man who looks back on his dating life with the numerous women he has dated and the impression they leave with him. Letters To My Ex-girlfriends: A Unique Love Story, Adam takes us on a front row seat of his past relationships. The good times he'd had and the tragic he endured when falling in love. This is truly a masterpiece of literature.

## Customer Reviews

In the age of self-publishing and with the ease at which anyone can be an "author", there are bound to be those great books that unfortunately get overlooked amongst the prettier, smuttier stories that take over 's homepage. Letters To My Ex-girlfriends is one of those diamonds in the rough. It is written by a man, from a man's point of view. Now, Nicholas Sparks often writes from a man's POV in a clean romance novel, but his writing has always been a bit unrealistic to me. Men don't talk or think like that, even the kindest of them. In Mr. Samuels' book, we meet Adam, who really is a typical guy, with a typical guy's feelings and ways with dealing with his emotions. The book is written honestly, simplistically and sweetly. There are no sugary embellishments, no unnecessary emotions and no flowery speeches. It is one man's misadventures in love, period. While that sounds boring, I assure you that it isn't. It's intriguing, and kept me reading all night, even though this is not the type of book I would actually buy for myself. I loved reading this. It was short, sweet and honest. There might be very few reviews out there online for it, and very little press, but don't let that deter you. This is truly a gem with very few faults.

What a great read. This guy starts dating at age 13 and writes letters to each of his ex-girlfriends. Jasmine was the one he was to marry, but she departed from life at an early age. I know her departure was hard on him, because it was hard for me. But life continued and so does the book. It's clear that the author "likes" women and he shared his thoughts and his life-lessons. I highly recommend. You will cry and you will smile.

I enjoyed this read. I have never read a book like this one, and I don't think I would be able to write a book like this one about myself so that caught my attention before downloading it. The stories were well-written and I was sucked by them so I couldn't put the book down. I really connected with the characters and I had strong emotions while reading the book so it was a pleasure to read it.

This is absolutely unique. There are lot of books that are enjoyable and interesting yet this book not only enjoyable but also informative. It keeps me interested. I admired the author's way of writing it as it deeply touches the heart of every readers. The book was about a man who started dating at the age of 13 and he really wants to love the girl the way his mom loves him very much. There are lists of his girlfriends from whom the story circulated.
